

Martin Sørensen

Multimedia Designer

About Me:

My name is Martin Sørensen,
I'm 22 years old and I come from Esbjerg.
I bring good positive vibes to the workplace and I
thrive both good working alone and in groups.
I take my work seriously, being stable and on time.

Education:

Erhverskadami Sydvest | 2019 - 2021
Multimedia Designer

Rybners HTX | 2015 - 2018
Notable skills I learned:
HTML, Javascript

Personal Statement:

Currently studying as a multimedia design student at EASV Esbjerg, my greatest strengths and interests are front-end website building, video editing and design. I hope to gain even more experience as my education continues.

LinkedIn: @martin--sørensen

Address: Søndergåards Allé 3, Esbjerg.

+ 45 27 49 76 01

Tools:

Visual Studio Code

This is my go-to program for writing websites, its extensions makes great functionality and overview for everything I need and its auto completion for commands allows me to work faster than other programs that I've tried.

Adobe Premier Pro/After Effects

This is the program I've experience with in editing videos and adding effects to them.

Adobe Photoshop/Illustrator

Photoshop I've used for photomanipulation and other non-vector illustrations, Illustrator I use for logo-design and vector graphic designs.
